

## Product – Datasheet

### Keyfob “EASY”

Keyfob EASY” combines the RFID technology with a complete new PVC personalisable Keyfob. The Keyfob EASY is currently available in attractive pear-shaped housing and offers the opportunity to be customized with offset printing and a serial number. They are available with all common ICs in 125kHz and 13,56MHz technology. Gloss finish.

#### Applications:

- Access Control
- Time Attendance
- Identification
- Leisure Parks

#### Personalisation options:

- Offset Printing (for both sides)
- Serial number
- Name Printing

#### Product specification:

<b>Material:</b>	PVC / app. 1,2 mm
<b>Surface:</b>	Gloss
<b>Application temp. :</b>	- 20°C to 65°C

#### Available dimensions and hanger options:

Type	Dimensions	Keyring Ø 28	
KF-EASY-PEAR-xx	30 x 45 mm	x	

#### Available 125kHz systems:

IC Type	Memory	Order No.
EM 4100	64 bit	KF-EASY-4100
Atmel Temic 5567	224 bit	KF-EASY-5567
NXP Hitag 1	2048 bit	KF-EASY-HT1

#### Available 13,56MHz systems:

IC Type	ISO	Memory	Order No
NXP Mifare MF1S50	14443A (1-3)	1024 byte	KF-EASY-MFS50
NXP Mifare Ultralight	14443A (1-3)	1024 bit	KF-EASY-MFUL
NXP I-code SLI	15693	128 byte	KF-EASY-ICODE
Legic MIM 256	-	256 byte	KF-EASY-MIM256

Other IC types available on request!
